

on each level of the dwelling unit, including basements but excepting crawl spaces and unfinished attics. Smoke detectors must be installed in accordance with and meet the requirements of the National Fire Protection Association Standard (NFPA) 74 (or its successor standards). If the dwelling unit is occupied by any hearing-impaired person, - smoke detectors must have an alarm system, designed for hearing-impaired persons as specified in NFPA 74 (or successor standards).

(2) For units assisted prior to April 24, 1993, owners who installed battery-operated or hard-wired smoke detectors prior to April 24, 1993 in compliance with HUD's smoke detector requirements, including the regulations published on July 30, 1992, (57 FR 33846), will not be required subsequently to comply with any additional requirements mandated by NFPA 74 (i.e., the owner would not be required to install a smoke detector in a basement not used for living purposes, nor would the owner be required to change the location of the smoke detectors that have already been installed on the other floors of the unit).

[60 FR 34695, July 3, 1995, as amended at 61 FR 27163, May 30, 1996; 63 FR 23861, Apr. 30, 1998; 64 FR 26646, May 14, 1999; 64 FR 49658, Sept. 14, 1999; 64 FR 50230, Sept. 15, 1999]

§ 982.402 Subsidy standards.

(a) *Purpose.* (1) The PHA must establish subsidy standards that determine the number of bedrooms needed for families of different sizes and compositions.

(2) For each family, the PHA determines the appropriate number of bedrooms under the PHA subsidy standards (family unit size).

(3) The family unit size number is entered on the voucher issued to the family. The PHA issues the family a voucher for the family unit size when a family is selected for participation in the program.

(b) *Determining family unit size.* The following requirements apply when the PHA determines family unit size under the PHA subsidy standards:

(1) The subsidy standards must provide for the smallest number of bedrooms needed to house a family without overcrowding.

(2) The subsidy standards must be consistent with space requirements under the housing quality standards (See § 982.401(d)).

(3) The subsidy standards must be applied consistently for all families of like size and composition.

(4) A child who is temporarily away from the home because of placement in foster care is considered a member of the family in determining the family unit size.

(5) A family that consists of a pregnant woman (with no other persons) must be treated as a two-person family.

(6) Any live-in aide (approved by the PHA to reside in the unit to care for a family member who is disabled or is at least 50 years of age) must be counted in determining the family unit size;

(7) Unless a live-in-aide resides with the family, the family unit size for any family consisting of a single person must be either a zero or one-bedroom unit, as determined under the PHA subsidy standards.

(8) In determining family unit size for a particular family, the PHA may grant an exception to its established subsidy standards if the PHA determines that the exception is justified by the age, sex, health, handicap, or relationship of family members or other personal circumstances. (For a single person other than a disabled or elderly person or remaining family member, such PHA exception may not override the limitation in paragraph (b)(7) of this section.)

(c) *Effect of family unit size-maximum subsidy in voucher program.* The family unit size as determined for a family under the PHA subsidy standard is used to determine the maximum rent subsidy for a family assisted in the voucher program. For a voucher tenancy, the PHA establishes payment standards by number of bedrooms. The payment standard for a family shall be the lower of:

(1) The payment standard amount for the family unit size; or

(2) The payment standard amount for the unit size of the unit rented by the family.

(3) *Voucher program.* For a voucher tenancy, the PHA establishes payment standards by number of bedrooms. The

payment standards for the family must be the lower of:

(i) The payment standards for the family unit size; or

(ii) The payment standard for the unit size rented by the family.

(d) *Size of unit occupied by family.* (1) The family may lease an otherwise acceptable dwelling unit with fewer bedrooms than the family unit size. However, the dwelling unit must meet the applicable HQS space requirements.

(2) The family may lease an otherwise acceptable dwelling unit with more bedrooms than the family unit size.

[60 FR 34695, July 3, 1995, as amended at 63 FR 23861, Apr. 30, 1998; 64 FR 26646, May 14, 1999]

§ 982.403 Terminating HAP contract when unit is too small.

(a) *Violation of HQS space standards.* (1) If the PHA determines that a unit does not meet the HQS space standards because of an increase in family size or a change in family composition, the PHA must issue the family a new voucher, and the family and PHA must try to find an acceptable unit as soon as possible.

(2) If an acceptable unit is available for rental by the family, the PHA must terminate the HAP contract in accordance with its terms.

(b) *Certificate program only—Subsidy too big for family size.* (1) Paragraph (b) of this section applies to the tenant-based certificate program.

(2) The PHA must issue the family a new voucher, and the family and PHA must try to find an acceptable unit as soon as possible if:

(i) The family is residing in a dwelling unit with a larger number of bedrooms than appropriate for the family unit size under the PHA subsidy standards; and

(ii) The gross rent for the unit (sum of the contract rent plus any utility allowance for the unit size leased) exceeds the FMR/exception rent limit for the family unit size under the PHA subsidy standards.

(3) The PHA must notify the family that exceptions to the subsidy standards may be granted, and the circumstances in which the grant of an

exception will be considered by the PHA.

(4) If an acceptable unit is available for rental by the family, the PHA must terminate the HAP contract in accordance with its terms.

(c) *Termination.* When the PHA terminates the HAP contract under paragraph (a) of this section:

(1) The PHA must notify the family and the owner of the termination; and

(2) The HAP contract terminates at the end of the calendar month that follows the calendar month in which the PHA gives such notice to the owner.

(3) The family may move to a new unit in accordance with § 982.314.

(Approved by the Office of Management and Budget under control number 2577-0169)

[60 FR 34695, July 3, 1995, as amended at 60 FR 45661, Sept. 1, 1995; 64 FR 26647, May 14, 1999]

§ 982.404 Maintenance: Owner and family responsibility; PHA remedies.

(a) *Owner obligation.* (1) The owner must maintain the unit in accordance with HQS.

(2) If the owner fails to maintain the dwelling unit in accordance with HQS, the PHA must take prompt and vigorous action to enforce the owner obligations. PHA remedies for such breach of the HQS include termination, suspension or reduction of housing assistance payments and termination of the HAP contract.

(3) The PHA must not make any housing assistance payments for a dwelling unit that fails to meet the HQS, unless the owner corrects the defect within the period specified by the PHA and the PHA verifies the correction. If a defect is life threatening, the owner must correct the defect within no more than 24 hours. For other defects, the owner must correct the defect within no more than 30 calendar days (or any PHA-approved extension).

(4) The owner is not responsible for a breach of the HQS that is not caused by the owner, and for which the family is responsible (as provided in § 982.404(b) and § 982.551(c)). (However, the PHA may terminate assistance to a family because of HQS breach caused by the family.)
